Ink Kitchen and Ink Room
Applications*

COLOUR PACK CP10PC

Benefits

Comprising a compact PC connected to a high accuracy balance. Colour Pack is an easy to use ink mixing system at an affordable price. Accurate colour mixing ensures quality and consistency, reducing ink wastage and colour matching time.

The Vale-Tech Ink Manager™, Windows based Colour Management software is specifically designed for printers. Used worldwide, the system provides a comprehensive Formula database coupled with estimation, re-work, job records and reporting options.

Features

- Minimal maintenance, scale self calibration
- Manage base colours and recipes
- Create and edit recipes
- Overweigh recalculation
- Re-work blends
- Return and scan unused blends to stock
- Print low stock warnings
- Report job usage
- Allocate materials to press, stock or WIP
- Usage and stock reports
- Material Estimation by job
- Prepare designs and jobs for batch mixing
- Traceability by batch number

COLOUR PACK

COLOUR MANAGEMENT EQUIPMENT
